Vol. 65, No. 2 JAMES HILLHOUSE HIGH SCHOOL, NEW HAVEN, CONN. December 20, 1974

Harvard Model U.N.

by Sharon Robinson

Once again, Hillhouse has been offered a chance to particpate in the Harvard Model United Nations. The Model U.N. took place at Harvard University in Boston, Massachusetts, Dec. 12-15. High school students from all parts of the United States took part.

Hillhouse was the only high school from New Haven selected. Each high school is assigned a country; Hillhouse represented Zambia, and African nation.

The delegates must know everything about the country that they represent: politics, language, enemies, friends, economics, resources, and positions on important world issues. The delegates must also know about parliamentary procedure. Although it took much after-school work and effort, the students have been doing it in order to represent Zambia accurately. Included in after-school preparation were mock debates, discussions on amendments and resolutions, and most recently a visit from a Yale graduate student, Beverly Green, who has studied Zambia and lived in Africa for one year.

At Harvard, Hillhouse students served on committees dealing with International Law and Order, Law of the Sea, The Role of Women, Aid and Natural Resources, and Multi-National Corporations. In these committees, they debated and voted on resoutions dealing with such topics as terrorism, oil supplies, the drug trade, refugees, South African apartheid, population control, and food supplies.

Mr. Gilllette, a hard-working history teacher, made sure that the students were well-prepared. Last year we had nine delegates. This year we had ten, even though money was scarce. The Student council voted $150 to help cover expenses, and Mr. Vitelli helped the students come up with the rest. The Model UN costs each student nothing except meals. The school pays for registration and for the hotel. The students stayed at the Colonnade Hotel across from the Prudential Building.

The students who represented Hillhouse and Zambia were Keven Scott, Steven Johnson, Sharon Robinson, Pat Darden, Gail Spence, Roger Wilkins, Tanya Taylor and Michael Blackman.

Do-It-Yourself Sentinel?

Most people don't realize the efforts that go into producing a single issue of the Sentinel. Anyone on the staff will tell you that it is not as easy as it looks, and that it takes a great deal of effort on the part of many students, and faculty advisors.

The process of writing articles entales the initial writing, rewriting of the article and then typing of the article. Articles do not come out of the air, but are specifically assigned because of their continuity with other articles in the paper. When we finally decide on a certain article, we must then assign it, decide whether we want a picture or not, and what page it should go on.

We have many departments such as sports, news, features, and business. Putting out an issue of the Sentinel requires not only articles, but ads to pay for the materials needed. Getting ads is a full time task in itself, and with inflation it is not getting any easier.

Once we have all of our articles typed, and all of our ads in, we must then hand in everything to Mrs. Ruff and to Mr. Vittelli for their approval. Many times after we get the articles back we must then rewrite them again.

At this point we must assign to each article a headline, and a caption for the picture if there is one. Headlines must be sized to fit certain spaces left in the actual paper.

We now come to the layout and past-up of the paper. We use what are called mechanicals, these are large sheets that are the size of two pages in the newspaper. These mechanicals are divided

First Honors Award Banquet

by Matthew Dinnan

This year's first Honors Awards Dinner was held at Steak House West on December 9. The purpose of this Awards Dinner was to give credit to students who showed pride in themselves by achieving first honors, which is a task for which every school should strive. It is not an easy task, but it is a rewarding challenge. Arrangements for the Awards Dinner were made by Head Guidance Counselor Miss Antoinette Fusco, who had the help of a student committee chaired by Tony Peterson. Also serving on the student planning committee were Myra Brown, Charra Washington, Jocelyn Dixon, and William Barham.

The address was given by Mr. Monte Bailey, a Hillhouse graduate who is now a counselor at the Allied Health Career Center. He told students that "there are a lot of good students at Hillhouse, and I hope it stays that way." Mr. Bailey spoke of Honor Students as leaders who have put together a respectable piece of work. He said that the students being rewarded at the dinner went through a lot of hard work to receive their honors. And that they should be respected for what they have achieved.

Seniors receiving honors were: **Tony Cummings, Edwin Hall, Reuben McCauley, Maria Melendez, Vanessa Jinwright, Marilyn Pepper, Cheryl Stevens, Beverly Umstead, Ray Winn, Brian McEwen, and Jeff Grava. Junior honor students were: Laura Brockenberry, Torrance Brown, Donna Burgress, David Goldberg, Cynthia Haar, Gloria Mullings, Eric Recchia, Rosezetta Tanner, Evangelia Turner, Samuel Tyson, and James Dinnan.** Sophomores were **Audrey Brooks, Michelle Cummings, Yvonne Griffin, Mark Jones, Tap Luke, Lai Ma, Kim McDonald, Alexis Mero, Anita Stewart, Mark Tyson, Andrea Umstead, and Jackie Steadman.** Among freshmen honored were **Teresa Brown, Larue Campbell, Matthew Dinnan, Michael Duda, Craig Harris, Elbert Martin, Marcia Mayfield, Robert Naftal, Benjamin Rand, Greg Stafford, Mark Thomas, and Andrea Zeoli.**

Green Cluster Program

by Norman Payne

The Green Cluster is made up of approximately 60 freshmen. Teachers, Ms. Covington, English, Mr. Joiner Social Studies, Mr. Rogavin, Math and Ms. German, Reading and two aids, Mr. Berkowitz, and Ms. Ruth Waller work closely together with the students to help achieve a positive self image.

Instead of the routine classes, students of the Green Cluster, have a very flexible schedule as their classes depend upon the immediate needs of the student.

Students of the Green Cluster are now using a highly individualized learning material called the "THINK" program. This material enables a student to develop thinking skills. The purpose is to allow a student to move along at his own pace, and help the student assume more responsibility, by keeping up with his own progress and grades.

Other activities include rehearsal for the play A Raisin In The Sun by Lorraine Hansberry. The play is to be presented at an assembly in honor of Martin Luther King's birthday.

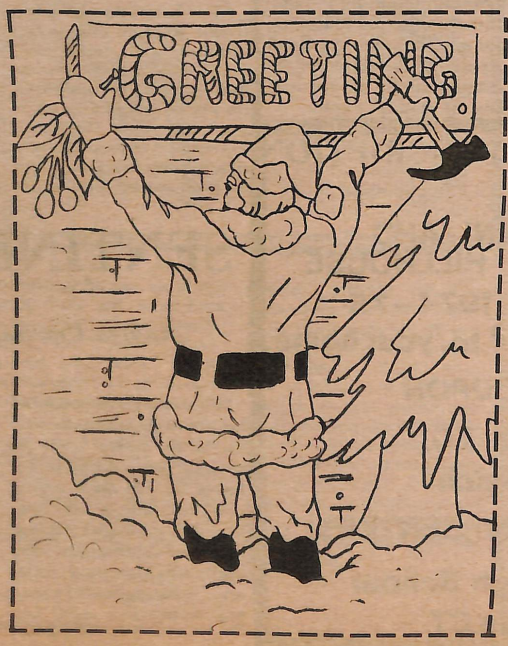
Students of the Green Cluster also attend lectures set up by the teachers, to open students' minds to such topics as, futures in the health field, Drugs, Planned Parenthood, and Juvenile Delinquency. Some of the lectures were given by Hillhouse upperclassmen.

The students also work with an architect, Mr. Drury in designing classroom environment.

In addition to their school work, students in the Green Cluster, have traveled to New York, to see the Broadway play **Raisin.** They have also hiked the Westwood Trails park in Guilford, Conn. where they had a picnic. To be eligible for such a trip, a student must earn his way by having no unexcused absence, or no misconduct in or outside class.

At the end of the first marking period, the students had a ceremony and party, held at the Dixwell Community House, where students were given recognition for academic achievement.

Whenever possible the parents are encouraged to visit school to observe, and participate in the activities of the Green Cluster.



Freshmen Cluster Officers

This year's freshmen class consists of six clusters, each with its own president, vice-president and secretary.

The Beige Cluster has as president Priscilla Ellison, as vice-president, Gwendolyn McClain, and as secretary, Donna Hines. Barbara Chapman heads the Green Cluster, vice-president is Lori Nunez, and Priscilla Morales is the secretary. The Lavender Cluster's president is Vernell Jones; Donna Winfrey is the vice-president and Darlene Harris is the secretary.

Chris Parks is the president of the Raspberry Cluster; Cleveland Chase, the vice-president and Darrel Floyd is the secretary. In the Yellow Cluster the president is Felecia Hunt, vice-president is Alisa Williams, and the secretary is Darin Wright. The Pink Cluster has yet to elect its president. The second in command, however, is Sallie Blackman and the secretary is Melissa Jenkins.

Disruptive Halls Who's Fault?

With mushrooming inflation and exhorbitant costs for everything, it would be all too easy to sit here and write about how cuts shouldn't be made in the budget, and money should come from somewhere else. Instead, I would like to take a different point of view. All of us at Hillhouse should be mature enough and responsible enough to eliminate the need for "bouncer" in the hallways. If the students here persist in disruptive behavior, they are going to degrade the level of education here. If the Hillhouse students force the city of New Haven to re-hire outreach workers to monitor our hallways, then the budget will instead be cut somewhere else, possibly hurting our athletic programs, our availability of films, or purchase of other teaching aids.

In an economic situation where everyone in this country is forced to tighten his or her belt, I think that Hillhouse students can do this in one way; by controlling themselves in the hallways, thereby preventing cuts elsewhere in the budget, or a raise in taxes which costs everyone a little more.

So to my fellow students I say, let's get it together, and make Hillhouse a better place.If anyone has a reply to this or any other editorial feel free to write your comments and give them to me or to the advisors, Room A208.

On Girls' Sports . . .

The Sentinel staff would like to remind all the girls at Hillhouse, that after a court struggle, there are now plenty of funds available for girls' sports. After the long, and uphill battle the girls fought in court, we feel it is a shame that more girls have not gone out for girls' sports. Although girls are not allowed to play contact sports, the swimming, and track teams are co-ed and the girls have their own basketball, volleyball and softball teams. These teams also need managers and spectators, so don't feel bad if you're not an athlete, you can still participate in this relatively new and exciting program.

letters to the editor

The first game of the 74-75 hockey season indicated more than just an opening game loss to District rival Lee High. Lee didn't beat Hillhouse. The Hillhouse team beat itself.

About 10 minutes into the second period, with the score knotted at 4-4. Lee scored to make it 5-4. Two Acs argued with the referee that play should have been blown dead before the goal. As a result, one player was ejected, and the other had to sit out half a period. Without the two misconduct penalties, Hillhouse would have won. They were better than Lee.

All contact sports have their bad results from misconduct penalties. In hockey, if they are severe enough, you're ejected. If not, you sit in a penalty box. In football and basketball, you can also be ejected. If the infraction is minor, yards may be penalized, or a technical foul may be assessed. Even in other major sports where there are few assessments for penalties, the manner of play is usually respected by both sides.

This editorial was **not** written to make derogatory remarks about any hockey player or coach. It was written to show that good conduct and sportsmanship are necessary ingredients to a winner in any sport. If these ingredients aren't there, the lack comes to the surface and may contribute to failure.

Everybody who participates in a sport should take note of this article. One loss is too many for any Hillhouse team, but it hurts doubly when you defeat yourselves.

David Goldberg

I am a member of the Junior Elm Tree. This year is not going as well as it could. The seniors have not been as responsible as they should be in regards to their senior pictures. Out of a class of 250, only 49 have returned their pictures for the yearbook.

It would be greatly appreciated if all seniors who have failed to return their proofs would do so as soon as possible. Information as to where proofs are to be returned has been given to you on several occasions. You may return your proofs to Brown Studios, Dixwell Ave. If you have not taken your formal senior pictures you may call Brown Studios for an appointment. The number is 777-4771. Failure to return proofs or get pictures taken will result in your not having your picture appear in the senior section of the yearbook.

We, the members of the Elm Tree hope that you will like and enjoy the yearbook, but without you and your cooperation, it won't be as big a success as we hope.

Remember..... This is your yearbook, Make it as enjoyable as possible?.

Betty Edwards

I am a member of this year's bowling team and I have something to say. Writing to the editor is the only way enough students will be educated in this problem. Do any of you out there realize that last year's bowling team was not allowed to come to the athletic banquet? When we asked why, the answer was that bowling was not considered a CIAC sport. I think that's disgusting! The least they can do is invite them. After all, they try their hardest to win under the Hillhouse name, and I think they at least deserve an invitation, if not recognition at the banquet. Some of you may think this problem doesn't mean anything, but it does. The bowling team has pride, too. If they didn't, Hillhouse would not be represented in the bowling league. I would like to know your opinion on this matter. Please write it down on a piece of paper and drop it off in A208.

David Chorney

What Happens to Hillhouse Athletes?

During my four years of high school, I've always stopped and wondered what becomes of the athletes that come out of Hillhouse. What happens to the ones that have the ability to go on to higher education, but don't? Is it something within the walls of Hillhouse that breaks down that ability?

It is often said that high school athletic programs exist to help motivate and teach self-discipline to the athletes that get involved. Then why can't some of the athletes that go on to school adapt to the life of a college or university? Are some Hillhouse athletes really being taught that discipline and self-pride, or are they just taking advantage of the athletic program? Could it be that they are being railroaded into believing that they are getting that so-called motivation and self-discipline, only to find out later that many drop out of college due to a lack of these qualities?

In looking through yearbooks over the past three years, I estimate that about 36 percent of the athletes that graduated from Hillhouse are still in college. Out of the total school population, the principal estimates that more than 60 percent of our total graduates go on to higher education. Could something be done to raise the athletes' percentage?

What is the school doing for these students? Are they getting by with grades that barely make them eligible to play? Are the coaches really sticking to that rule about grade eligibility? Or are they overlooking it for the star players? This hurts both the students and a good school. It is time to really look into the high school athletic program and see what's really going on.

If anyone has comments in response to these opinions, please write the Sports Editor, Room A208, Hillhouse High School.

by James Huckabey

SENTINEL SPOTLIGHT

Andrea Umstead-Dancer, Honor Student

This issue of the Sentinel would like to spotlight Andrea Umstead, an honor student. Besides spending time in school getting honors, she also has a dancing class from 12:30 to 2:30. Aside from that, she teaches dance at the Dixwell Children's Art Center and the New Haven Center for the Arts. "I started dancing when I was seven years old", says Andrea, "my mother got me into it".

When asked what motivates her to do honor work, she replied "I like the feel of competition, I like to compete against other people for a certain goal, even if I don't win". Andrea's teachers must think very well of her, after her fourth time on the first honors' list.

The Sentinel likes to spotlight students like Andrea. She is a bright, talented, good natured person, and many should look up to her. It is not that everyone should be like her, but ambition such as hers is something we'd like to see in every Hillhouse student.

Hillhouse Downs Kennedy For First Win

by Joe Liptrot

This year's basketball team has three outstanding veteran players returning. They are: 6'3" captain and center Larry Farmer, who averaged 19.5 points per game last year, 6'2" senior guard James Ingram, who averaged 15.2 points per game, and 6'1" senior forward Dennis Hamilton, who averaged 9.4 points per game.

The other two starters are 6'2" senior Butch Farlow and 5'11" junior guard Ray Driffin. Rounding out the varsity are juniors Bruce Lawhorn, Bobby Woods, and Dwight Davis, and sophomores Brichael Adams and Darin Gayle.

Coach Tony Vitolo predicts that we're going to have a very cohesive squad, which will be able to compete with everyone on its schedule. He feels that the District League will be well-balanced this year, since Lee, Cross, and Hamden are all expected to be strong teams.

The Acs opned the season against Kennedy of Waterbury with a convincing 80-42 win. Hillhouse was paced by captain Larry Farmer with 19 points and 15 rebounds, James Ingram, who also had 19 points, and first year starter Butch Farlow, who contributed 17 points. Despite a shaky start, the Acs took control as the game progressed.

For their second game Hillhouse went to New Britain to take on the Hurricanes. Hillhouse came back with victory, but they had a hard time winning. With 6:19 left in the fourth quarter, Hillhouse was only up by a score of 63-58. However, the team got back on the track and shot 45 percent in the quarter. The final score was Hillhouse 84, New Britain 67.

Larry Farmer had a big night on the boards and at the hoop for the Acs, with 29 points, 4 blocked shots, and 18 rebounds. He had help on the boards from Butch Farlow and James Ingram, who also contributed 13 and 15 points repectively. Dennis Hamilton also had 13 points, but pulled a muscle, and may miss some playing time.

The third game was played against a short but agressive West Haven team at West Haven. The Acs were led by Butch Farlow, who had a game high 37 points. The Acs won 84-68, so that the team's record stood at 3-0 as it went into the tough game against Lee High. The game was an exciting up and down game, with both teams sharing the lead at one time or another before an overflow crowd. Lee came out on top 71-64, leaving the Acs at 3-1, and heading for two games in New York on December 19 and 20. It was obvious that with a little more playing time, the Acs are bound to do well in this year's Q House Tournament which will be held during vacation.

Ray Driffin goes for lay-up against stupified Kennedy player.

Thanksgiving Football:

by David Chorney

On Thanksgiving Day, the game results boiled down to a battle of the defenses although the "House" did not triumph, the players gave it their all. The game ended up 9-6 in favor of West Haven, the difference being a safety and a missed extra point. It's not easy to lose like that, but the Ac's showed fine sportsmanship throughout the game. They ended the season 5-6, but that record did not reflect the quality of the team.

Thanks and congratulations are due to our four coaches, Mr. Casey (head coach), Mr. Barbarito (back field coach), Mr. Wiley (defense coach) and Mr. Teslik (line coach). Throughout the season they did a fine job and they should be recognized as one of the top coaching staffs in the state. Also, congratulations to a fine managing job done by Joe Liptrot, Alvin Williams, Dave Smith, and Ken Boyd.

Four Ac players made the NEW-HAVEN REGISTER's All-District Team. They were as follows: James Huckabey, linebacker; Walter Teague, safety; Izear Hogan, guard; and Michael Ferguson, defensive end. Six more players made honorable mention: Willie Sessions, Sam Wright, Tom Jones, Ronnie Brooks, James Hooks, and Melvin Walton, for the second year in a row.

Other seniors contributng to the Ac team were: Raphael Smith, quarterback, Frank Jackson, running back; Dave Chorney, linebacker, Brad Lee, linebacker; Cedric Antrum, running back; Kent Hilton, guard; Tony Ellis, end Andre DeLoatch, end and John Kearney, defensive half back.

Acs Roll Into Season

This years Ac's bowling team is not going to be pushed around. That is the impression this writer gets when he looks at the line-up card for the 1974 season. As captain they have Senior, Dave Chorney. Backing him up very capably are "Steady" Eddie Mero, Rickey West, (both juniors) Keith Lee, David Murphy and Michael Lorusso. This season should shape up successfully and the players should have a ball this season.

Play Ball Girls!

by Sandra Harris

Women's basketball is here to stay! It is fortunate that such a positive statement can be made in view of the position of women's sports last year. Hillhouse girls didn't have official varsity sports until Ms. Deborah Chin and several other New Haven teachers and students fought for women's rights. "This lack of women's teams was a violation of the 14th amendment as well as Title IX of the Higher Education Act of 1972 "In order to alleviate sex discrimination in athletics in the city of New Haven, we found it necessary to have the courts take action," said Ms. Chin.

Women's basketball is important to the girls at Hillhouse, and at other schools as well, because women athletes have often been pushed aside. The team is working hard, because they know that in order to get somewhere, they have to be willing to struggle. The girls are going to prove that sports for women are just as important as sports for men. They see this year as only the beginning for Hillhouse girls' basketball. Coach Willie Boyd is teaching the team new techniques and drilling them in fundamentals. The team knows that basketball requires determination, skill, cooperation and team spirit to achieve a specific goal: a winning team.

Laura Brockenberry drives against Sacred Heart defender.

members of the team are seniors Leslie Toles and Mary Byrd, juniors, 5'5" Denise "Nicky" Allen, 4'11" Diane "Tippy" Arnold, 5'4" Laura "Brock" Brockenberry, Donna Burgess, 5'6" Patty "Curly" Cooper, and 5'2" Linda "Pee Wee" Pina; sophomores 5'5" Debra Frazier, 5'6" Veronica Dennis, and 5'9" Antoinette Keen, and freshman Alice "Deadeye" Woodson. Also working with the team are managers Sandra Harris and Sandra Gilmore.

The co-captains elected by the team are 5'6" senior Karol "Dooley" Whiting and 5'9" Junior Cindy "Cin" Smith. Other

This year's team got off to a bad start with a 63-17 loss to Sacred Heart on December 3. With an injury to guard Phyllis Woods in the first quarter, and missing forward Cindy Smith due to illness, the team showed a lack of confidence and experience that comes from being a first year team. From the mistakes of this game, the team learned lessons that should help them in the rest of the season.

Support Hillhouse in Q-House Festival

Sports Flashes

Top scorers for the Acs this season were Willie Sessions, who ended the season with 9 touchdowns, and Sam Wright, who had 8 touchdowns.

The Junior Varsity football team ended their season with a win over Hamden, 28-3. Their won-lost record was 2-1-2.

Steve Byrd was named to the All District soccer team as a lineman.

Charles James, '73 ex-Hillhouse gridiron star, had an interception as Mattatuck Community College defeated Westchester Community College for the National Club Football championship.

Joe Vaughn, '74 Hillhouse hoopster, will be playing basketball for Champlain Junior College in Vermont this season.

Don Grava, '73 swimmer and soccer player is on the Yale crew team.

Larry Johnson, '72 hoopster, is now a tri-captain for Post Junior College's basketball team.

All Tindall, '72 gridiron star, received a varsity letter in football from St. Olaf's College.

by Mitchell Dirton

Hillhouse Stokes into Season

by Jeff Grava

The 1974-75 swimming season appears to have an optimistic outlook. With a schedule of 18 meets ranging from Hartford Weaver to Hamden, the swimming team, in spite of some unfortunate problems, is looking forward to winning their first meet, and having a winning season.

This years team features tri-captains Marilyn Pepper, James Mayfield, and Jeff Grava. Coach Mr. King has told us that in spite of the fact that the team is small and lacks the depth of many teams, this year should turn out well.

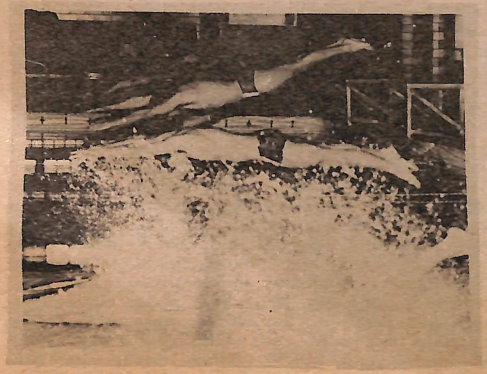
The team won its first meet 102-46 against Hartford Weaver on Friday Dec. 6, Hillhouse took every first place in the meet except one. Jim Dinnan, Jim Mayfield, Jeff Grava, and Marilyn Pepper each took two first places in their individual events.

Going into their second swim meet with swelled pride, the Ac swimmers were quickly disheartened at the hands of the Litchfield High swim team. Although the Ac's were ready for the meet, Litchfield's superior depth proved too much for them.

Their third swim meet, a closer score than Litchfield, again saw the Ac's in the clutches of defeat. Johnathan Law's depth proved to be the deciding factor, even though the Ac's could match their skills. The Ac team also suffered further because of the untimely suspension of their two top divers who easily could have taken first and second places, that's the way the cork floats!!

In the last meet before this article's deadline the Ac's lost to St. Joseph's in a close meet, where we again suffered because of our lack of depth. In spite of St. Joseph's team of over fifty swimmers, the Ac's still managed to take over half the first places.

The Ac team is now looking towards an evening meet with Hamden, probably the best team in the state, and one of the best in the U.S. Good luck swimmers.



Ac's Icemen

by David Goldberg

In the first game of the season, Hillhouse faced off against rival Lee High in the Coliseum. Bobby L'Heureux drew first blood when he scored the first goal of the season at 9:25 in the first period. Lee came back with a score to tie. With 5:12 left, hard-checking senior defenseman Don Lorusso scored to make it 2-1. Then, with the defense relaxing during the lead, Lee picked up two "garbage" goals. The momentum shifted again to the Acs, when senior Brian McEwen fired from close range to end the complicated scoring of the first period at 3-3.

With the offense still hot from the end of the first period, freshman Richard Rodican scored the fourth goal, assisted by senior captain Rick Torcello. Lee fought back to make it a tie game, and after Lee took the lead 5-4, two Ac skaters were given major misconduct penalties for arguing a call too violently with the reteree. With two starters gone, the game was settled, and the final score was Lee 7, Hillhouse 4.

In the second game against North Branford, Hillhouse scored first again. Rick Torcello scored twice in that game, but even a hat trick wouldn't have been enough. North Branford won 3-2 in a close game. Vin D'Agostino stopped 32 shots on goal.

As the season progresses, Hillhouse should beat these two teams when they play again. As our team puts it all together, we look for a winning record.

Mike Haddock concentrates on face-off against two would-be Lee High threats.

Continued from page one

up by inches, and with these we must figure out what articles will fit where. We must decide on lead articles, and give them larger headlines than the other less important articles. Layout is the process where we "map" out the paper, from this we can paste-up the copy.

Paste-up is where we take the copy which has all been typed again on a computer which measures out the lines to make them all end evenly, and actually paste it onto the mechanical using the layout to tell you where to put it.

When past-up is finished and the paper is proofread, then we mount it on a huge screen and take a picture of it. From here the negatives are "stripped" which means that the imperfections are taken out of them, and the pictures from the paper are put in, and then the negatives are run on a special machine which makes a "plate". The "plate" is then run on a press and prints the paper.

Now that you know what goes into one issue of the Sentinel you can bite your tongue before you criticize this issue.

New Ideas ?

Educational Filmstrip at Hillhouse

by Steve Johnson

A very interesting project took place at Hillhouse recently as a group of seniors were involved in producing an educational filmstrip.

Mr. and Mrs. Reinald Werrenrath from Chicago are producing a filmstrip which is designed to be of help to young people in setting goals for themselves. The title of the filmstrip will be "Sorting Yourself Out". It consists of interviews and pictures of high school students from all over the country emphasizing different socio-economic backgrounds. Mr. Werrenwarth chose Hillhouse as a good example of an Eastern city school.

The students chosen were asked questions on school peer groups, their relationship with society, family life, goals, and personal feelings, After the interviews were finished, candid pictures were taken of these students participating in particular hobbies, extracurricular activities in and out of school, and other various interests.

The interviewing and candid photograpahs took a week to complete. The process of editing the film will take close to a year. After the film is completed, Miss Fusco, the head guidance counselor at Hillhouse, will receive a copy of the filmstrip which will be viewed by students at Hillhouse and other high schools in order to give them a broader look at education and social values and goals.

The students involved in the filmstrip are: Beverly Umstead, Sharon Robinson, Frank Richardson, Reuben McCauley, Maria Melendex, John Sepulveda, Jeff Grava, Cliff Cohen, Steven Johnson, and Norman Goldberg.

Sympathy...

The Sentinel would like to extend its deepest sympathy to the Brooks after the loss of thier father.

Hillhouse Olin Project

Jim Dinnan

On November 19, Hillhouse administrators involved with the Olin project made a presentation of what has been accomplished to date, and also how the program functions. Representatives from other schools interested in incorporating a program such as this in their own systems and legislative officials were present to hear from the Hillhouse and Olin personnel.

Hillhouse Department Chairmen explained how Olin assists our school in the following areas: vocational education, history, science, mathematics, and career opportunities. Practical examples were given such as last year's health fair. There students were able to assist in such activities as administering tests for sickle cell anemia and blood type. Many students who are involved with Olin are able to see how their area of interest is applied in a real job.

While at Olin the individual employees assume the responsibility for the students' safety, and learning experience.

Mr. Michael Mongillo, Hillhouse Vocational Educational Department chairman, said that in the future the professional studies of law and medicine may be included in the program.

What's Happening in Spanish III

After reading the novel, "Las Joyas Robodas", Mrs. Flectcher's Spanish III class celebrated two days with a Mexican Festival on the 14 and 15 of November, 1974. They had food, dances, and games.

The students formed committees to set up the festival. Aleta McClam, Vicki Bernardo, Maria Gutierrez, James Gutierrez, and Ariel Melendez decorated the class room with a scene from the novel and several national Spanish flags. Andre DeLoatch, Pat Rose, Michael Blackman and Tanya Taylor demonstrated the famous Mexican Hat Dance. Afterwards the entire class joined in.

There was a food committee for each day of the festival. Valerie Allison, and Ellen Gilmore prepared Mexican meat patties and Mexican sugar cookies for Thursday. Friday, Jackie Steadman, Andre DeLoatch, Tanya Taylor, Roger Wilkins, Michael Blackman, and Beverly Umstead prepared Mexican chile, bean dip, and torilla chips. Two cakes were also made by April Menafee and Tanya Taylor, while the entire class contributed for the beverages.

Debbie Ellison, Lorena Jenkins, and Adrienne Bradley presented a game for the festival. It was a "Treasure Hunt" for the stolen jewels (which was the theme of the novel). Kevin Scott and Vagek Torrosian volunteered to be the detective and assistant for the game.

Maxine Pina, Kevin Scott, Steven Sims, an Vagek Torrosian also presented a short skit for the class (part drama and part comedy). They chose and exciting scene from the novel which the students enjoyed very much.

In addition, each student also made a transparent comic strip of each chapter from the novel. With the help of Mr. Silocka, Hillhouse Audio-Visual Coordinator, they presented the novel as a film on screen.

The students enjoyed preparing for their festival. In addition, Mrs. Fletcher feels that this also helps them to learn more about the culture of the language they are speaking.

The class is already in the process of planning another festival for Christmas!

Christmas Concert

This year's Christmas Concert, Wednesday, Dec. 18, will contain a number of selections such as "Do You Hear What I Hear?", "A Voice A-Praying," and "I Heard the Bells on Christmas Day." The band will also play in the concert with selections such as "Jolly Old Saint Nick," "Good King Wenceslaus" "Pat A Pan" and "Joy to the World." all included in a medley. Mr. Bowie's comment on the concert was, "a lot of fine sounds will be heard."

Picture Swapping is New Fad

by Sharon Brooks

Everybody is doing it! Freshmen with juniors, seniors with sophomores, freshmen etc. That's right, everybody's going in for picture swapping. Those cute little wallet-sized pics double as friendship and Christmas gifts now. Brown Studio and the 1974-75 Elm Tree Staff have provided the whole package deal, inexpensive and quite indispensable, for "House" students. So, hop on the bandwagon and start swapping, folks. (But not during class time). Hey, talking about class time, let's get the faculty and administrators to swap. . .. . Nothing like opening up your wallet and staring at Mr. Boger or Davis, or Courtney or Verderame's face one Monday morning (smile). Swap On!

Bits and Pieces

EDITOR ON TV

Sentinel Feature editor Sharon Robinson was recently among a group of high school editors from Connecticut who were selected to interview Archbishop John F. Whealon on Channel 8 on the program, "High Schools Meet the Press."

RAFFLE TIME AGAIN!

Allied Health has done many things to help students in health careers. Recently students in this program were taken to visit Quinnipiac College to investigate careers in the health field.

SCHOLARSHIP DEADLINE

Scholarship information: Parents Confidential Statement deadline is February 1, 1975.

ALLIED HEALTH

Hillhouse is having another raffle this year. The purpose of the raffle is to raise money for scholarships and the activity fund. The first prize will be a trip to Spain or the money that the trip would have cost. The drawing will be held January 17, at Hillhouse. All students and staff can sell the raffle tickets, which cost $1 each. They are available from Mr. Roth. Help support the raffle!

Christmas Poetry

Christmas Shadows

by Inera Edwards

Shadows of Christmas
Lurk in my mind,

Shadows of joyfullness
Follow behind,

Shadows of darkness
Held within,

Shadows of sadness
Tossed with the wind.

Dreams of tomorrow
Thoughts of today,

Represent the shadows
For Christmas is on its way.

Gifts

by Mary Coleridge

"There are gifts which are not gifts-a donation is not a gift, a check is not a gift, articles of furniture are not gifts."

The spirit of giving is killed by regularity....the periodical gift is never refreshing.

The true gift is from one to one.

A gift, to be a gift, must not be asked for.

A gift should be as valuable to the recipient as it is to the giver.

A gift should represent a desire to please or to share pleasure.

Rarely, among the many things that are passed from hand to hand, is one a gift.

The smaller, the more insignificant the gift, the longer it is remembered.

Great grace goes with a little gift, and all offerings of friends are precious.

Three minutes of serious thinking makes it impossible to give anyone anything!

Merry Christmas and Happy Chanukah from the Sentinel

letters

DIRECTIONS: There are 25-30 words in the Puzzle Figure above. To find the words, go around the figure in the direction of the arrows. You may not skip letters. For example, starting with the letter "R" at the left, you can make the words rut and the. The words must contain at least 2 letters.

THE ARMY'S NEW 2-YEAR ENLISTMENT IDEA

Instead of the usual 3 or 4 years, you sign up with us for just 2 years.

You can choose your job training, or you can choose to serve in Europe.

Along with our new 2 year enlistment today's Army is announcing a new salary. $326.10 a month, with a raise to $363.30 in four months.

Of course, you'll get all our other benefits. Meals and housing and free medical and dental care.

For more information on our new 2 year plan, call 624-5183.
